Rafaiya Rushdha Oishi

Flutter Developer

PROFILE

Mobile and Web Application Developer with 3+ years of experience, including 2+ years building and deploying Flutter apps for Android and iOS. Skilled in Provider state management, Firebase, REST APIs, and full-stack development with PHP and MySQL. Passionate about clean code and user-centered software.

EXPERIENCE

Flutter Developer
Jul 2025 – Present

Join Venture AI

- Developed multiple Flutter apps focused on performance and UX, working with designers and backend teams on API integration.
- Published on Google Play: **Infiniqoute** (AI-generated quotes from calendar events, with RevenueCat subscriptions) and **MarketPop** (event cost tracking with a calendar view). App Store deployment in progress.
- In development: **Appsoleum** (scheduled audio/video/text messages, WebRTC live streaming), **Echo-Ride** and **Ulendo-Connect** (ride sharing), **Cura** (social event platform) and **EduTutor** (AI tutor platform).

Junior Developer
Feb 2022 – Sep 2024

Software LightHouse

- Developed and deployed Flutter apps with Firebase, REST APIs, and Provider.
- Worked on backend systems using PHP and MySQL.
- Led front-end improvements with jQuery and modern UI principles.
- Collaborated on cross-functional teams for government and service-based projects.
- Implemented database systems and integrated REST APIs.

Trainee Developer
May 2021 – Aug 2021

Kodeeo Limited

- Built PHP Laravel modules using MVC architecture.
- Strengthened debugging and code structuring practices.
- Supported performance optimization and clean code principles.
